## Article 680 - Electrical Requirements for Swimming Pools and Similar Installations - 2014 NEC

This course provides an in-depth overview of the 2014 NEC® requirements of Article 680 and related Articles as they pertain to swimming pools, spas, hot-tubs, hydro-massage bathtubs, and fountains. Training emphasis is placed on permanently installed pools and the requirements for grounding and bonding of this specific installation. Utilizing PowerPoint instruction, and your codebook as your attendee handout material, this training will provide insight and clarity into the NEC® compliance requirements for structures and equipment associated with these types of installations. This course is well suited for designers, installers contractors, electrical craftsmen, and enforcement who may be involved in the approval or construction of such governable bodies of water and their surroundings, which can be impacted by the NEC's® Article 680.

This course qualifies for 6.0 Code contact hours of continuing education for Kansas electricians for more information see: [CandMenterprises.net](http://CandMenterprises.net)
